Prescription Medications Release

Release Form for Prescription Medications

I will not hold Licking Valley Veterinary Services responsible for any adverse incident that may occur when prescription medications are not purchased from sources which are not recommended by this office. These sources may include internet pharmacies and mail order catalogs.

Problems associated with products that have been purchased from these sources may include:

1. Products which may be outdated
2. Products which are manufactured outside the United States which haven't been proven safe or effective by the FDA
3. Allergic or fatal incidents which may occur with counterfeit products
4. Products which have been fraudulently replaced with toxic substances, with the sole purpose of harming pets.

I also understand that manufacturers will only guarantee products which are purchased from veterinarians.

I also understand that my pet will need to have bi-yearly heartworm tests to ensure that he/she has adequate protection from heartworm disease.

Signature: _____ Date: _____

Pet Name(s): _____

Product Requested: _____

Please mail this form back and then you can pick up a prescription for delivery

*Prescriptions will not be mailed, faxed, or called in to any online pharmacies or institutions.
